

# EMSS: Entity Matching in a Semi-Supervised way

Jia R. Wu  
*University of Waterloo*

Shaokai Wang  
*University of Waterloo*

## Abstract

## 1 Introduction

We make the following contributions:

- A comparison of EM
- A framework for evaluation

## 2 Methods

### 2.1 Environment

### 2.2 Docker

### 2.3 Magellan

### 2.4 Dedupe

## 3 Results

### 3.1 Magellan

*Add Some Result Here*

### 3.2 Dedupe

*Add Dedupe Result Here*

## 4 Threats To Validity

## 5 Future Work

## 6 Acknowledgments

## 7 Availability

All relevant scripts and data can be retrieved from the following repository:

<https://github.com/JRWu/cs848w20>

## Notes

<sup>1</sup>The predefined settings can be located here:  
<https://github.com/filebench/filebench/wiki/Predefined-personalities>
